

1. For the first eight duets we use the 2 3 finger pattern which means that the 2nd and 3rd fingers are a half step apart and placed close to each other.
2. Keep the finger on the string throughout the length of the line next to the fingering.
3. Leave a slight pause at each comma, with the bow remaining on the string. Lift the bow at the slanted lines (//).

○ = slow whole Bow
 ○ = slower whole Bow
